Any humane de-matting will be undertaken solely at my discretion, in compliance with The Animal Welfare Act. De-matting during a routine groom is limited to a maximum of 15 minutes.

A coat which is moderately (>1cm from skin) to severely (<1cm from skin) matted – &/or with matts of 1cm or larger - in 4 or more of the following areas is likely to be partially or completely clipped down:

Behind ears, collar area, ruff, right hand side body, left hand side body, >10% of body coat, 'armpits', rear inner thighs & groin, undercarriage, sanitary/genital area, base of tail, rump & hocks, tail, legs, feet (top) or (under), between toes, other (eg. cheeks, crown/head).

You will be given an estimate of how long matt release is likely to take & an estimated cost for the procedure.

A clipdown consumes significantly more time, labour, product & tool/equipment wear-&-tear than a routine trim done as part of a grooming session. All clipdown costs are payable in full at the time you collect your pet.
